a Hood Medicine.

"I think there is no other blood medicine equal to Hood's Sarsaparilia. I have a family of five little ones, and have used it every spring for twelve years. There is something about Hood's Sarsaparilia which other medicines lack. My husband was bothered with boils. He was go bad he could scarcel ygot around. He took Hood's Sarsaparilia, and it cured him."—Mrs. Lillian Dixson, Pike, Ohio.

Tuberculesis is said to be curable by simply living in the open air and taking an abundance of fresh eggs and milk. Undoubtedly, some persons are beneated in this way, but an effective remedy for Consumption is Eckman's Alterative. Do all you possibly can to add to strength and increase weight. Eat wholesome, nourishing food. Breathe the cleanest and purest air and add the tonic and beneficial effects of Eckman's Alterative. Read what it did in this case:

"Gentlemen: In January, 1998, I was taken with hemorrhages of the lungs. My physician, one of the leading practitioners, said that it was lung trouble. My employer telippincott & Co., Department Store, 396 to 314 Maxtet Street, Wilmington, Del., recommended Eckman's Alterative and I began taking it at once. This was about June, 1998, I confined faithfully, using no other remedy, and I now have no trouble with my lungs. I firmly believe Eckman's Alterative saved my Iffe.

(Signed Affidavit) JAS, SQUIRES, Eckman's Alterative is refertive in Report

## An Appeal to Reason

According to the last National Census the population of Richmond increased 50 per cent, in the decade from 1900 to 1910. So there are several thousand people living in Richmond to-day who did not live here ten years ago. Those who did live here in 1902 and prior to that year will have no difficulty in remembering that the street railway service and the electric lighting service provided by the several companies then existent could not compare in efficiency and adequacy with the excellent service that is now provided by the Virginia Railway and Power Company.

For many years prior to 1902 competition in these public utilities made good service impossible. When a planter and all his men have to devote all their time and thought and energy to battling with an enemy, how much cultivation, think you, will his fields receive?

Now application has been made by a corporation known as the Richmond and Henrico Railway Company for certain new franchises, to build and operate in Richmond street railway lines and to engage in the electric light and power business in direct, unnecessary and unfair competition with the Virginia Railway and Power Company.

We tell you very frankly that the Virginia Railway and Power Company is unalterably opposed to the granting of those tranchises-on good and REASONABLE grounds.

We are going to tell you in this way through the newspapers (which is the best method we know of) why YOU, through your representatives in the City Council, should oppose the granting of those competitive franchises-not alone or even primarily because they would be unfair to this company, but from the far more important consideration of your own enlightened self-interest-the best interest of all the people of this city,

We respectfully ask your thoughtful consideration of the facts, figures and arguments we shall place before you. The only appeal this company makes to you, the people of Richmond, is an appeal to REASON.

COMPETITION IN PUBLIC SERVICE HAS BEEN PROVED BY THE EXPERI-ENCE OF BOTH EUROPE AND AMERICA TO BE A DISMAL AND WASTEFUL FAIL-URE, FOR WHICH THE PUBLIC ALWAYS HAS TO PAY-AND PAY DEARLY.

fired. Then Floyd left the courthouse and kept up his murderous attack on Jurors Early and Faddis. He shot Juror Cain while the inter was seeking safety. And he shot Miss Ayers, no matter at whom he was shooting.

No Right to Retreat.

"Floyd Allen." said Mr. Wysor, "had no right to retreat. He had been pronunced guilty of a felony by a jury. If the other Allens fired to defend Floyd, why did they run, and not face the law?"

It would be bad enough if the germ of tuberculosis got into children's LUNGS only. But it gets into their BONES, TOO, causing diseases that make pitiful little cripples.

The success of Ozomulsion in making puny children ruddy and stocky and strong; in checking any tendency that might result in disease of hip or spine, is known to joyful mothers the country over.

No Riskit to Retreat.

"Floyd Allen." said Mr. Wysor, "had no right to retreat. He had been pronounced guilty of a felony by a jury. If the other Allens fired to defend blook why did they run, and not face this law?"

Many points in the evidence of Vietor and Claude Allen were pointed to tell what was the truth.

"Floyd Allen," he said, "has shot himself away. If his sons receive the death penalty, he will have shot them away. He has shot away his own and his brother Sidna's property.
